MAIN

ABOUT KNUST

The Kwame Nkrumah University of Science and Technology (KNUST) is the foremost Science and Technology University in the country.

It has, within the period of its existence, become an important centre for the training of scientists and technologists not only for Ghana but also for African and other countries.

The campus is situated about eight kilometres away from the centre of Kumasi, the Ashanti Regional

capital, and covers an area of about eighteen square kilometres of undulating land.

There are six (6) halls of residence and thirteen (13) hostels on campus. The halls are Queen Elizabeth II, Independence, Republic, Unity, University and Africa.

Of the thirteen hostels, seven belong to the University or associations/unions of the University. Some of these are SRC Hostel, Credit Union Hostel, GRASAG Hostel, GUSSS (Brunei) and the Chancellor's Hostel (Hall 7) etc.

The University also has a number of municipal facilities. These include a Hospital, Basic Schools (i.e. Nursery, Primary and Junior High School), Maintenance Department, Estate Organisation, Transport Department, Photocopy Unit, Printing Press, a Bookshop, a Shopping Mall, Staff Clubs/Canteen, Sports Stadium (Paa Joe), Gymnasium, an Olympic size Swimming Pool, Commercial and Banking facilities, Post Office, Places of worship and Guest Houses (in Accra and on campus).

Vision

The vision of the University is to build on KNUST's leadership as the premier science and technology university in Ghana and to be among the top ten Universities in Africa.

Mission

KNUST exists to advance knowledge in science and technology through creating an environment for undertaking relevant research, quality teaching, entrepreneurship training and community engagement to improve the quality of life.

Core Values

KNUST is committed to attracting and developing excellent staff and students in order to contribute towards the achievement of the goals, targets and directions that the Government has set for higher education. The following cherished values characterise the work and life of the University and are ingrained in all those who pass through the University.

Leadership in Innovation and Technology

We endeavour to maintain and strengthen our position as the premier Science and Technology University in the country, leading in generating and exchanging new knowledge in innovation and technology, and offering service to Government, industry and society.

Culture of Excellence

We strive to be the best and maintain a commitment to continuously improve upon our status in all our

undertakings-research, teaching, entrepreneurship and service-for the development of society.

Diversity and Equal Opportunity for All

We ensure an environment of understanding and respect for cultural diversity and equal opportunity among students and staff. We uphold academic freedom in our quest to advance the frontiers of knowledge and in our attempt to attain self-development.

Integrity and Stewardship of Resources

We are dedicated to exhibiting the highest standards of professional ethics and integrity, efficient utilisation of resources and a culture of accountability and responsibility in all our operations.

KNUST's BIRTH

KNUST started as the Kumasi College of Technology by a Government Ordinance on October 6, 1951. It began operations on January 22nd, 1952, with 200 teacher training students who were relocated from Achimota College to form the nucleus of the College.

Before its accession to a University status in 1961, the College expanded in academic disciplines and infrastructure. The School of Engineering and the Departments of Pharmacy and Agriculture in 1953, followed by the Department of General Studies,

Town Planning and Building and the Faculty of Science.

As the College developed, it was decided to make it a science and technology-oriented institution. To this end, the Teacher Training College, excluding the Art School, was transferred in January 1958 to the Winneba Training College and the Commerce Department to Achimota.

In December 1960, the Government appointed a Commission to advise on the future of university education in Ghana, and consider a proposal to transform the University College of Ghana and the Kumasi College of Technology into independent Universities of Ghana. Based on the Commission's Report, the Government, in 1961, decided to establish two independent universities, one in Kumasi and the other at Legon, near Accra.

Consequently, the Kumasi College of Technology was converted into a full-fledged University by an Act of Parliament on August 22, 1961 and named the Kwame Nkrumah University of Science and Technology. The University was formally inaugurated on Wednesday, November 29, 1961. The University began awarding its own degrees in June, 1964. Its name was changed, after the overthrow of Dr. Kwame Nkrumah on February 24, 1966 to the University of Science and Technology, Kumasi.

The University has since March 1997, reverted to its original name.

As the number of students and academic programmes grew, the administrative structure with which the University was governed correspondingly changed and in October, 2004, the University was restructured into six Colleges. These were:

- College of Agriculture and Natural Resources (CANR)
- College of Architecture and Planning (CAP)
- College of Engineering (CoE)
- College of Health Sciences (CHS)
- College of Arts and Social Sciences (CASS)
- College of Science (CoS)

Since then, the College of Architecture and Planning (CAP) has been reorganised with the Faculty of Art merging with the College of Architecture and Planning resulting in the new College of Art and Built Environment. The Colleges have since the beginning of the 2015/2016 academic year been restructured as :

- College of Agriculture and Natural Resources (CANR)
- College of Art and Built Environment (CABE)
- College of Engineering (CoE)
- College of Health Sciences (CHS)

- College of Humanities and Social Sciences (CoHSS)
- College of Science (CoS)

The Institute of Distance Learning was in 2016 elevated to the status of a College. The University through the Institute offers courses at the undergraduate and graduate levels at its various off – campus sites.

Past Principals (P) and Vice-Chancellors (VC)

Dr. J. P. Andrews (P)	1952 – 1954
Dr. W. E. Duncanson (P)	1954 – 1960
Dr. R. P. Baffour (P)	1960 – 1961
Dr. R. P. Baffour (VC)	1961 – 1967
Dr. E. Evans-Anfom (VC)	1967 – 1973
Prof. E. Bamfo-Kwakye (VC)	1974 – 1982
Prof. F. O. Kwami (VC)	1984 – 1992
Prof. E. H. Amonoo Neizer (VC)	1992 – 1997
Prof. A. K. Tuah (Ag. VC)	1997 – 1999
Prof. J. S. K. Ayim (VC)	1999 – 2002
Prof. K. A. Andam (VC)	2002 – 2006
Prof. K. K. Adarkwa (VC)	2006 – 2010

ADMINISTRATIVE ORGANISATION

The University Council, is the governing body and constitutes the apex of a hierarchical structure of a system of Committees/Boards for the management of the University. The principal officers of the University are the Chancellor, the Chairman of the University Council and the Vice-Chancellor. The Vice-Chancellor is the academic and administrative head of the university and the chief disciplinary officer. He is assisted by the Pro Vice-Chancellor, Registrar, Finance Officer, Provosts of Colleges, Director, IDL, University Librarian, Director of Works and Physical Development, Director of Health Services, Internal Auditor, Dean of Students, Dean of Graduate Studies and Dean of International Programmes.

Deans of Faculties report directly to the Provosts of Colleges whereas the Heads of Departments report to the Deans of Faculties.

The Academic Board formulates and carries out the academic policy of the University and regulates and approves the programmes of study and examinations held in the University.

FACULTY & STAFF (2017/2018)

RANK OF FACULTY

Professors	51
Associate Professors	120
Senior Lecturers	331
Senior Research Fellows	12
Lecturers	431
Visiting Professor/Adjunct Professor	–
Visiting Lecturers	–
Research Fellows	13
Assistant Research Fellows	9
Assistant Lecturers	62
Technical Instructors	9
Other Academic Staff	–
Total (Senior Members Academic)	1,025
Senior Members (Administrative and Professional)	168
Total of Senior Members	1,193
Senior Staff	1,269
Junior Staff	1,023
Grand Total of Staff	3,498

These numbers exclude Part time faculty of various ranks.

ADMISSION PROCEDURES

Undergraduate Admission Requirements

Admission to KNUST is purely based on merit. Limited vacancies are therefore keenly competed for.

There are four categories of applicants for the undergraduate programmes namely:

- Senior Secondary School Certificate Examination (SSSCE)/West Africa Senior School Certificate Examination (WASSCE) holders;
- Ordinary and Advanced Level GCE holders;
- Matured applicants (age: 25 years and above) including HND holders (with 3 years working experience);
- International students as well as Ghanaians with foreign results.

Admission forms are available between January-July and obtainable from all Regional Post Offices throughout the country.

International students apply solely online at www.knust.edu.gh

More information can be found at: knust.edu.gh/admissions

Selection of qualified applicants is done by a Central University Admission Committee.

Postgraduate Admission Requirements

Masters Programmes

At the time of application, applicants should possess a Bachelor's Degree or its equivalent from a recognized Institution in the relevant field of study.

PhD Programmes

Candidates applying for Doctor of Philosophy degree must have an MPhil degree or its equivalent from a recognized Institution and shall submit evidence of adequate training and ability to undertake the proposed programme.

The School of Graduate Studies is responsible for graduate instructions; however, each department exercises a large measure of autonomy for its graduate programmes under the general guidelines established for the University.

The University offers both research and taught graduate programmes of study.

Application for admission into all programmes is between February-June.

A photograph of a modern university building with a curved facade and a large green lawn in the foreground. The building has a mix of light-colored panels and dark vertical accents. There are some trees and shrubs in front of the building. The sky is clear and blue.

**COLLEGES AND
PROGRAMMES OFFERED**

COLLEGE OF AGRICULTURE AND NATURAL RESOURCES

Faculty of Agriculture

Department of Animal Science

Department of Agricultural Economics,
Agribusiness and Extension

Department of Crop and Soil Sciences

Department of Horticulture

Faculty of Renewable Natural Resources

Department of Agroforestry

Department of Fisheries and Watershed Mgt.

Department of Silviculture and Forest Management
Department of Wildlife and Range Management
Department of Wood Science and Technology

Faculty of Forest Resources Technology

Department of Eco-Tourism and Forest Recreation
Department of Land Reclamation and Rehabilitation
Department of Social Forestry
Department of Wood Processing and Marketing

Research Centres

Bureau of Integrated Rural Development
KNUST Dairy/Beef Cattle Research Station, Boadi
KNUST Agriculture Research Station, Anwomaso

PROGRAMMES OFFERED

UNDERGRADUATE PROGRAMMES

Faculty of Agriculture

BSc Agriculture

- Agricultural Economics
- Agricultural Extension and Rural Sociology
- Agricultural Mechanisation
- Animal Science
- Crop & Soil Science
- Horticulture

BSc Agricultural Biotechnology

BSc Agribusiness Management

BSc Dairy & Meat Science and Technology

BSc Landscape Design and Management

BSc Post-Harvest Technology

Faculty of Renewable Natural Resources

BSc Aquaculture and Water Resources

Management

BSc Natural Resources Management

- Agroforestry
- Fisheries and Watershed Management
- Wildlife and Range Management
- Wood Science
- Silviculture and Forest Management

Faculty of Forest Resources Technology

BSc Forest Resources Technology

- Eco- Tourism and Forest Recreation
- Land Reclamation and Rehabilitation
- Social Forestry
- Wood Processing and Marketing

EDUCATIONAL PARTNERSHIP AND COLLABORATIONS

In fulfilling the University's mission to provide an environment for teaching, research and entrepreneurship training in science and technology for the industrial and socio-economic development of Ghana, Africa and other nations, KNUST has signed several academic agreement and co-operations with universities and institutions from North America, Europe, Asia and Africa.

Some of these institutions are South Dakota State University, Ramapo College of New Jersey, Association of Commonwealth University (ACU), Climate Impact Research Capacity Leadership Enhancement (CIRCLE) Sam Houston State University, Technical University of Munich, Germany, Frankfurt University of Applied Sciences, Germany, Huntsville, Friends University, Davidson College, North Carolina, University of Georgia, Athens, USA, University of Bremen, Skyline University College, Sharjah Hohai University, Harbin Finance University, University of Johannesburg, Federal University of Technology, Owerri and many more. Other benefits include research collaborations with Faculty, staff and students exchanges and granting of Scholarships to staff and students.

CENTRE FOR BUSINESS DEVELOPMENT

The Centre for Business Development (CBD) serves as a business/investment Think-Tank in KNUST. It is a Limited Liability Company under the Vice Chancellor's Office. The Centre seeks to position itself to strategically move the promotion of business from policy to rapid and sustainable performance. Through this, CBD seeks to assist KNUST to produce high quality professionals to meet the challenging needs and demands of our time.

CBD's innovation and strategic programmes include the practical teaching of entrepreneurship across disciplines, the establishment of business incubators, strengthening the various on-campus production units, fund raising from private and public sources and improving academia-industry linkages.

THE UNIVERSITY LIBRARY

The KNUST Library System, comprising the Prempeh II Library which is the main University Library, six College Libraries and the Basic Schools' Library collaborate with faculty to provide relevant information to support teaching, learning and research in the University. The Library with staff strength of 20 Senior Members, 58 Senior Staff and 43 Junior Staff makes distinctive contributions to the academic community. These include developing and managing collections, facilitating access to, and instructing library users in the use of learning resources.

- **The book stock** of the entire Library System stands at **210,621** volumes. The respective holdings of the individual libraries in the Library System are indicated below.

Prempeh II Library	134,963
Basic Schools' Libraries	6,052
College of Agriculture and Natural Resources	13,074
College of Art and Built Environment	14,238
College of Humanities and Social and Social Sciences	10,646
College of Engineering	9,208
College of Health Sciences	11,625
College of Science	10,815

- **The Library facilitates** access to about 40,000 electronic journals from over 50 academic databases comprising more than 100 million full text documents, bibliographic information, abstracts and book reviews.
- **The Research Commons**, a space for faculty and postgraduate students to share knowledge and engage with their peers, records an average daily visit of about 70. The Learning Commons, a

similar space for undergraduate students, records a daily average visit of 100.

- **There are about 10,815** documents in the institutional repository, the KNUSTSpace, comprising theses, conference proceedings, research articles, speeches, etc. Records from Google Analytics indicate that the KNUSTSpace records a daily average of 270 views.
- **The KNUSTSpace** is ranked 11th in Africa according to 2017 webometric ranking.
- **Turnitin**, a plagiarism software, records about 1,055 active instructors with 13,511 submissions and generates about 16,106 originality reports a year.
- Further information about the Library can be obtained from: www.knust.edu.gh or on telephone; 0322060133/60199

UNIVERSITY RELATIONS OFFICE

The University Relations Office (URO) is a division of the Office of the Registrar. The URO comprises four units namely: the Public Relations Unit, Publications and Documentation Unit, Focus FM and the Alumni Office.

Its major responsibilities are to project and maintain the good image of the University. It serves as the link between the University and other Universities, corporate bodies and the public.

The Office officially communicates all management decisions including crisis management to its internal and external publics. It does this through appropriate mediums of communication such as press releases and statements through the mass media.

The URO manages the University's website and publications of the University and also handles all the photographic needs of the University through its Reprographic Section. The URO also oversees the operations of the official campus radio station, Focus FM.

The division plays a vital facilitative role in all the major official University functions which include congregation and matriculation ceremonies, as well as professorial inaugural lectures.

Call 03220 60021 or Visit www.knust.edu.gh/uro@knust.edu.gh

ALUMNI OFFICE

It is responsible for liaising with KNUST Alumni Associations, promoting membership drive of alumni, maintaining an alumni database, raising funds and other alumni matters as well as supporting the University towards achieving its mandate.

The Association is organised through chapters which are in every region in Ghana. There are also chapters in the USA, Canada, UK, Australia, Nigeria and Gambia. Programmes, organised by the Chapters include: seminars, workshops, lectures, fun games, tours, breakfast meetings, dinners and cocktails etc.

Teknokrats constitute one of the largest skilled labour force in the energy, telecommunication, engineering, construction and the education sectors. Most of Ghanaian trained pharmacists and professional artists are alumni of our University.

*Teknokrats - always make a difference.
Be proud to be a member.*
