

INTRODUCTION:

For the past one year, various dignitaries have visited the University for various initiatives in the interest of the University. In all about 227 official visitors from within and outside Ghana, were hosted. The current global trends in tertiary education management demands extensive partnerships building, effective collaboration and cooperation among educational institutions and either corporate bodies. It is in this light that these visits are envisaged to create the platform for friendly collaborations for mutual benefits. Accordingly, they are being acknowledged.
