ABOUT KNUST

The Kwame Nkrumah University of Science and Technology (KNUST), Kumasi is the foremost Science and Technology University in the country. It has, within the period of its existence, become an important Centre for the training of scientists and technologists not only for Ghana but also for Africa and other countries.

The University campus lies to the east of Kumasi, the Ashanti Regional capital.

There are six (6) halls of residence and other hostel facilities on campus. The halls are Queen Elizabeth II Hall, Independence Hall, Republic Hall, Unity Hall, University Hall and Africa Hall. The hostels on campus either belong to the University or Associations/Unions of the University. Some of these are SRC Hostel, Tek Credit Union Hostel, GRASAG Hostel, GUSSS Hostels, etc.

The University also has a number of municipal facilities. These include a Hospital, Basic Schools (i.e. Nursery, Primary and Junior High School), Maintenance Department, Estate Organisation, Transport Department, Photocopy Unit, Printing Press, Sports Complex (GUSSS Sports Complex), a Bookshop, a Shopping Mall, Staff Clubs/Canteen, Sports Stadium (Paa Joe Stadium), Gymnasium,

an Olympic size Swimming Pool, Commercial and Banking Facilities, Post Office, Places of Worship and Guest Houses.

VISION

To build on KNUST's leadership as the premier science and technology university in Ghana and to be among the top ten universities in Africa.

MISSION

KNUST exists to advance knowledge in science and technology through creating an environment for undertaking relevant research, quality teaching, entrepreneurship training and community engagement to improve the quality of life.

CORE VALUES

- Leadership in Innovation and Technology
- Culture of Excellence
- Diversity and Equal Opportunity for All
- Integrity and Stewardship of Resources

By a Government Ordinance of October 6, 1951, the Kumasi College of Technology was established as a public University with the Faculty of Engineering and affiliated to the University of London. It began operations on January 22, 1952, with 200 teacher training students who were relocated from Achimota College to form the nucleus of the Kumasi College of Technology. The College expanded enormously

in academic disciplines and infrastructure in the years that followed. In addition to the Faculty of Engineering, the Departments of Pharmacy and Agriculture were established in 1953, followed by the Departments of General Studies, Town Planning & Building, and the Faculty of Science.

As the College developed, it was decided that its Science and Technology status be maintained. To this end, the Teacher Training Section, excluding the Art School, was transferred to the Winneba Training College and the Commerce Department to Achimota, in January 1958.

In 1961, the Kumasi College of Technology was granted full-fledged university status based on the report of a commission appointed by government to advise it on the status of the College. Consequently, the Kumasi College of Technology was converted into an autonomous University by an Act of Parliament on August 22, 1961 and named, The Kwame Nkrumah University of Science and Technology (KNUST). KNUST was formally inaugurated on Wednesday, November 29, 1961. The University began awarding its own degrees in June, 1964.

After the overthrow of Dr. Kwame Nkrumah, the name of the University was changed to the University of Science and Technology (UST), Kumasi on February 24, 1966 by a decree. By an Act of Parliament, 1998, Act 555, the name of the

University, reverted to its original name as Kwame Nkrumah University of Science and Technology.

The University has expanded and undergone major changes, especially in its academic structure since 1965. In January 2005, the University adopted the Collegiate System to allow for greater academic and administrative autonomy. Under this System, the various Faculties were condensed into six Colleges, namely;

- College of Agriculture and Natural Resources (CANR)
- College of Architecture and Planning (CAP)
- College of Art and Social Sciences (CASS)
- College of Engineering (CoE)
- College of Health Sciences (CHS) and
- College of Science (CoS)

At the beginning of the 2015/2016 Academic Year, the Colleges were restructured by the merger of the Faculty of Art with the College of Architecture and Planning resulting in the new College of Art and Built Environment. The Colleges of the University now stand as:

- College of Agriculture and Natural Resources (CANR)
- College of Art and Built Environment (CABE)
- College of Engineering (CoE)
- College of Health Sciences (CHS)

- College of Humanities and Social Sciences (CoHSS)
- College of Science (CoS)

As a way of expanding access to tertiary education, the University in 2005, established the Institute of Distance Learning (IDL) under the Faculty of Science with two learning centres in Accra and Kumasi. The IDL has now been elevated to the status of a College with the appointment of a Director to oversee its operations. It now has learning centres in twelve of Ghana's sixteen regions and aims at bringing the quality and demand-driven tertiary education offered by KNUST to the doorstep of all, especially, the working class.

In the 2019/2020 Academic Year, the University established a satellite campus in Obuasi with selected programmes in Engineering, Environmental Science and Supply Chain Management.

The University also has Institutes and Centres that conduct research and other development activities: They are:

- Bureau of Integrated Rural Development (BIRD)
- KNUST Diary/Beef Cattle Research Station (KDBCRS)
- KNUST Agricultural Research Station (KARS)
- Centre for Settlements Studies (CSS)

- Centre for Educational Research and Development (CERD)
- Regional Water and Environmental Sanitation Centre, Kumasi (RWESCK)
- The Brew Hammond Energy Centre (TBHEC)
- Technology Consultancy Centre (TCC)
- West Africa Science Service Centre on Climate Change and Adapted Land use (WASSCAL)
- Regional Transport Research and Education Center, Kumasi (TRECK)
- KNUST Engineering Education Project (KEEP)
- Centre for Applied Research and Innovation in Supply Chain – Africa (CARISCA)
- Centre for Cultural and African Studies (CeCASt)
- Kumasi Centre for Collaborative Research into Tropical Medicine (KCCR)
- Institute for Science Research, Innovation and Development (ISID)

INTERNATIONAL ASSOCIATIONS/LINKAGES

The University is a member of the International Association of Universities (IAU), the Association of Commonwealth Universities (ACU), Association of African Universities (AAU), African Research Universities Alliance (ARUA) among others and has also established academic and research links with

a number of universities and research institutions across the globe.

AFFILIATE INSTITUTIONS

Several University Colleges and Ministry of Health Training Institutions are affiliated to KNUST for the purpose of mentoring, moderation of Programmes of study and award of degrees.

ENROLMENT

The current student population is 89,486 made up as follows:

Undergraduates - 79,448

Postgraduates - 10,038

(Source: QAPO, KNUST)

KNUST is a recognised brand for science and technology education in Africa and the world as a whole. The evergreen landscape and the ambience of the University, highly qualified academic and administrative/support staff, attractive postgraduate programmes among others makes it a first choice tertiary institution in Africa.

ADMINISTRATIVE ORGANISATION

The University Council is the governing body and constitutes the apex of a hierarchical structure of a system of Committees/Boards for the management of the University. The Principal Officers of the University are the Chancellor, the Chairman of the University Council and the Vice-Chancellor. The Vice-Chancellor is the Academic and Administrative head of the University and the Chief Disciplinary Officer. The Vice-Chancellor is assisted by the Pro Vice-Chancellor, Registrar, Finance Officer, Provosts of Colleges, Director, IDL, University Librarian, Director of Works and Physical Development, Director of Health Services, Internal Auditor, Director of Student Affairs, Director of Graduate Studies and Dean of International Programmes.

Deans of Faculties report directly to the Provosts of Colleges whereas the Heads of Departments report to the Deans of Faculties.

The Academic Board of the University formulates and carries out the academic policy of the University and regulates and approves programmes of study and examinations held in the University.

ADMISSION PROCEDURES

Undergraduate Admission Requirements

Admission to KNUST is strictly based on merit. Limited vacancies are therefore keenly competed for.

There are five categories of applicants for the undergraduate programmes as follows:

- West Africa Senior High School Certificate Examination (WASSCE)/ Senior Secondary School Certificate Examination (SSSCE) holders;
- General Certificate Examination (GCE) Advanced Level holders;
- International Baccalaureate (IB) holders;
- General Business Certificate Examination (GBCE) holders;
- Advance Business Certificate Examination (ABCE) holders;
- Matured Applicants (age: 25 years and above) including HND holders (with 3 years working experience); and,
- Other Foreign qualifications.

Online Application E-Vouchers are available between April and October and are obtainable from all Regional Ghana Post Offices throughout Ghana.

However, International students and Ghanaian Applicants in the diaspora are not required to buy the E-Voucher. They should use the link below to access the online application form for completion and submission. (<https://apps.knust.edu.gh/admissions/apply/Account/Register>)

Programme Duration

Undergraduate programmes are of four (4) years duration, except Human Biology, Doctor of Pharmacy, Bachelor of Dental Surgery, Doctor of Veterinary Medicine and Doctor of Optometry, which are of six (6) years.

More information can be found via: <https://www.knust.edu.gh/admissions>

Selection of qualified applicants is done by a Central Undergraduate Admissions Committee.

Postgraduate Admission Requirements

Masters Programmes

At the time of application, applicants should possess a Bachelor's Degree or its equivalent from a recognised Institution in the relevant field of study. Preference will be given to applicants with FIRST CLASS OR SECOND CLASS (UPPER DIVISION)

PhD Programmes

Candidates applying for Doctor of Philosophy degree must have an MPhil degree or its equivalent from a recognised Institution and shall submit evidence of adequate training and ability to undertake the proposed programme.

Programme Specific Requirement

Your graduate programme may have additional admission requirements. You may review your programme page for details.

Programme Duration

Unless otherwise stated,

- Masters Programmes (Full-Time) are of Two (2) Academic Years and (Part-Time) Three (3) Academic Years duration.
- PhD Programmes (Full-Time) are of Four (4) Academic Years and (Part-Time) are of Five (5) Academic Years duration.

THE UNIVERSITY LIBRARY

University Library System

The KNUST library system, comprising the Main Prempeh II Library, six College Libraries and Basic School libraries, serve as the knowledge hub of the University. It plays a central role of supporting the noble vision of the University, through the provision of state-of-the-art library services that support teaching, learning and research in the University. Like many twenty-first century libraries, it works to:

- Provide access to a wide range of print and electronic resources across many academic disciplines, available anytime, anywhere;
- Create a learning environment that inspires staff and students towards academic excellence;
- Make available authentic learning spaces, designed to meet individual and group learning styles;
- Build the capacity of staff and students through tailor-made training programmes in Information and Digital literacy;
- Help connect students and staff to the global knowledge eco-system;
- Enhance learning journey, supported by cutting-edge learning technologies;
- Inspire users to fulfill their future dream of contributing positively to the development of Ghana and the world at large.

Collection

The total book stock of the entire library system is **228,968** volumes.

Journal Subscription

The library maintains collaboration with the Consortium of Academic and Research Libraries in Ghana (CARLIGH), and the Electronic Information

for Libraries (EiFl.Net) to facilitate access to over 40,000 electronic journals from about 61 academic databases. This digital access comprises more than 100 million full text documents, bibliographic information, abstracts and book reviews.

E-books

The library provides access to over 300,183 titles of e-books through **Baobab**, **ProQuest**, **Pearson** and **Cengage**. It continues to add many new titles all the time. Below are the links to the e-books:

UNIVERSITY PRINTING PRESS

.....

The University Press- KNUST, nestled within the heart of the University is a hub of creativity, knowledge and innovation; providing distinctive designs, and high quality print products with its whirring machinery and staff by transforming mere thought into tangible works of art.

UPK is not only a place for churning out books but also a place for creativity where students and staff come to explore the vast possibilities of printing.

With its state of the art machines; Plate-maker, 6 color unit print-master, Polar cutting machine, bindery, digital press and dedicated staff, the Press has become a place where ideas are brought to life, stories are shared and the pursuit of knowledge is celebrated. The Press also has a Publishing Unit and offers consultancy in Printing and Publishing.

UNIVERSITY RELATIONS OFFICE (URO)

.....

The University Relations Office, with its affiliate Units; Advancement and Alumni Relations Office, Media and Events, Publication and Documentations, and Focus FM (a campus-based radio station) all work together to push the visibility agenda of Advancing Knowledge in Science and Technology for Sustainable Development of Africa.

As the official mouthpiece of the University, the Office communicates in various ways the University's

research activities and projects the University to maintain its image. This is achieved through the print and electronic media. The Office works with a comprehensive strategic communication and crisis management plan aimed at jealously guarding while projecting the constructive vision of the University locally and internationally. With good media relations, the Office leverages on mass media effectively on its advantage to reach the University's internal and external audience.

Units at the University Relations Office

Advancement and Alumni Relations Office liaises with KNUST Alumni Associations to promote its membership drive, maintain an up-to-date alumni database, raise funds, organise alumni related events, address other alumni matters as well as supporting the University towards achieving its mandate.

On behalf of the University, this Office liaises with KNUST Alumni and its Global Association to promote the University. It also establishes and maintains close relationship with corporate bodies and individuals to raise funds for the Alumni Association and to establish Chairs and Endowment Funds.

Media and Events Unit exists to develop and execute content for the University's social media platforms; plan and execute University functions and

events; conceptualise and create official University audio and video (adverts/documentaries); supervise the external broadcast of University news items. The Unit also monitors the media space for intelligence reporting on the University's brand; manages advertisement platforms in the University; manages and oversees facilities, personnel, and all event details; and assists in the production of University paraphernalia/souvenirs for protocol and other purposes.

Publications and Documentation Unit (PDU)

is responsible for brand management of the University's brand identity, especially cataloguing, storing, and supervising all publication activities within the University. The PDU handles all graphic design productions and publications in the University including; facilitating and supervising internal/external advertisements of the University, disseminating research and other related activities through print and online media.

Focus FM, the official campus radio station has in recent times been airing quality programmes to entertain, educate and inform its wide audience. The station spearheads our flagship research dissemination and outreach efforts through its programme "Nyansapo".
